

# AFRICAN SWINE FEVER ECONOMIC IMPACT

AFRICAN SWINE FEVER (ASF) POSES A SIGNIFICANT RISK TO THE  
CANADIAN PORK INDUSTRY AND THE CANADIAN ECONOMY

Canada is the third-largest pork exporting country in both value and volume and represents about 14% of world pork trade.

**1.4M**

In 2022, Canada exported 1.4 million tonnes of pork, valued at just over \$4.8 billion CAD, to 77 countries.

The pork industry contributes 88,000 direct and indirect jobs that, in turn, generates \$24 billion when farms, inputs, processing and pork exports are included.
