**II. SOURCE OF ANIMALS**

Name of exporter: \_\_\_\_\_

Address: \_\_\_\_\_

**III. DESTINATION OF ANIMALS**

Name of importer: \_\_\_\_\_

Address: \_\_\_\_\_

**IV. VETERINARY CERTIFICATION**

I, \_\_\_\_\_, the undersigned licensed veterinarian certify that the animal(s) identified above in the Part I of the sanitary certificate:

- The animal(s) has/have been vaccinated against Rabies with an inactivated virus vaccine, no less than sixty (60) days and no more than one (1) year prior to departure. In the case of primary vaccination, the animal(s) was/were at least ninety (90) days old when it was vaccinated. In the case of a booster vaccination, the animal was vaccinated against rabies not more than one (1) year prior to export. If the animal was vaccinated twice, these rabies vaccines were administered more than thirty (30) days apart.

AND

The animal(s) for export was/were subjected to a neutralising antibody titration test\* for rabies with a positive result equivalent to at least of 0.5 IU/ml. The test was carried out not less than thirty (30) days after receiving a primary or a booster rabies vaccination and it was carried out by an official diagnostic laboratory approved by the Canadian Food Inspection Agency.

Date of test: \_\_\_\_\_

\* The test is only valid for one (1) year from the date of sampling.

- The cat/dog was vaccinated against the following diseases not less than fourteen (14) days and not more than one (1) year prior to export to Brunei Darussalam:
  - Dog(s)** - Canine Distemper, Canine Hepatitis and Canine Parvoviral infection.\*
  - Cat(s)** - Cat Flu (Feline calicivirus and Feline rhinotracheitis virus) and Cat Enteritis (Feline panleucopaenia/Feline parvovirus).\*

\* Delete that does not apply

3. The animal(s) for export have undergone treatments, within 2-7 days prior to departure, for external (ticks and fleas) and internal (nematodes and cestodes) parasites.

	External Parasites		Internal Parasites	
	Treatment date	Name of active ingredient	Treatment date	Name of active ingredient
1.				
2.				
3.				
4.				

4. To the best of my knowledge and belief the animal(s) for export is more than three (3) months old, and if applicable, is not pregnant or less than four (4) weeks pregnant.
5. Have undergone a clinical examination before departure on the date indicated below and found free from clinical signs of infectious or contagious disease and recognized fit to travel.
