**Date rights surrendered:** 2018/11/25  
**Approved denomination:** 'Flobragbi'  
**Trade name:** Sundaze Golden Beauty

## ERRATA

### Pepper 'Palermo Obedius', 17-9309

#### Plant Varieties Journal, July 2018, Number 108, Applications Under Examination:

The description for this variety was published on July 31, 2018. There was a correction made to the Origin and Breeding history. The resulting hybrid was selected in 2013, not 2011, therefore it now reads as such:

'Palermo Obedius' (breeder designation 35-529 RZ) is an orange sweet pepper variety suitable for heated cultivation. It originated from a cross made in June of 2012, in De Lier, Netherlands. The resulting hybrid, 'Palermo Obedius', was selected in September 2013 for its plant vigour, fruit quality, yield and resistance to Tobamovirus pathotype P1-2 (Tm2), Tomato Spotted Wilt Virus race P0 (TSWV) and Potato Virus Y pathotype 1-2 (PVY1.2).
